

An aerial photograph of a white Dream Chaser spacecraft in flight, viewed from a high angle. The spacecraft is oriented vertically, with its nose pointing downwards. It features a black nose cone and a white body with various logos, including the Sierra Nevada logo and the United States flag. The background shows a coastal area with a road network, buildings, and a body of water. The sky is a mix of blue and white, suggesting a bright, sunny day.

Dream. Innovate. Inspire.
